

write a paragraph on 'The problems faced by the new girl in school'

The problem faced by the new girl in school was ~~no~~ no one used to talk to her only the author became her friend and everyone except the author laughed at her no one plays with her like the girl felt long lonely she can only look at the play ground but cant play. She can only work with one hand and it was difficult because sometimes she was unable to write sometimes but the author was curious to know the truth but the girl never told her the truth. The author thought that it is difficult for her to work with one hand but that new girl can do faster than everyone in one hand and author thought to learn from one hand how that girl does ~~she~~ work faster in one hand than two hands
