

5 Mr. Sanjay withdrew ₹ 27500

from his account in the bank. He asked

for the money in ₹ 100 notes. How many

₹ 100 notes did the bank give him?

A Number of notes Mr. Sanjay withdrew = ₹ 27500

Number of notes He asked = ₹ 100

Total number of notes bank gave him

$$\begin{array}{r} 275 \\ \hline 100 \overline{) 27500} \\ \underline{- 200} \\ 750 \\ \underline{- 700} \\ 500 \\ \underline{- 500} \\ 00 \end{array}$$

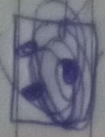

∴ Thus 275 notes bank gave him

6. Mr. Gandhi withdrew ₹ 12,400 from his account, He kept ₹ 4,200 aside and divided the remaining money equally among 5 family members. How much money did each member get?

A. Mr. Gandhi withdrew ₹ 12,400 from his account. He kept ₹ 4,200 aside ~~and~~ ?

$$\begin{array}{r} 12 \\ 12,400 \\ - \quad 4,200 \\ \hline 8,200 \end{array}$$

Total number of ^{have} ₹ 8,200

 He equally among 5 family members ~~How much~~
