

A. Slight misunderstanding

Wife- Where are the fish and grocery.

There is a bale of hay only

Author- What! let me see. Yes, you are

right. I brought the car of ^{Arthur's} ~~Arthur's~~ wife

instead of mine.

Wife- ^{Arthur} ~~Arthur~~! Who is Arthur?

Author- When I was returning home a

dog started licking me from the back.

I thought that any body had by

mistakenly put his dog in my car after

some time I found a hand bag. Then I

realized that I mistakenly brought

other's car then I found the address of the dog's owner. Then I went to his house and the owner's name was Arthur. I narrated him every thing. Then he pointed that I had my own car and his wife by mistake had put her dog and purse in my car. At that time his wife arrived and I returned home. But this time I really brought her car by mistake.

Wife- Oh! how

Arthur- Now, I will go and return their car and bring mine.

Wife- now, don't bring theirs instead

of yours

Author- Ok, Ok
