The Tiger is a national animal but it is endangered so what is being done to protect them. Write an article based on your findings.

Ans- We can save tiger in the following ways :-

We should not destroy jungles which is their habitat. Due to the destruction in their habitat there is a drastic decline in their population. We should prevent poaching of tigers; they are hunted for their beautiful skin and flesh. Tiger-friendly policies should be made. Sanctuaries and national parks should be made where tigers are preserved and kept in protection. They are given food and everything. Conduction of scientific research on tigers should be held to monitor their numbers, population trends, and threats to tigers and their habitats. We should prevent human-tiger conflict. Many tigers kill domestic livestock and also kill humans. Due to this reason humans kill tigers. This should be prevented by rescuing those tigers. We have to support the government in its projects for the protection of the tigers so that a healthy population of the tiger exists.
