sub - regarding the shortage  
of water

Dear Sir,

As you know, ~~to~~ in the  
summer time, the lakes have  
dried up. This year, there is  
even more hot climate than  
normal. The fields have dried  
up, even the irrigation channels  
are running out of water.  
The farmers are getting  
no food to eat. Due to this  
many farmers sold their land

and went to city. Many people  
even here buyed parts in  
other village and have  
started switching. If this counts  
then, one day this village  
will be run out of people

Your Sincerely  
Rakha Chauhan

Dear Saurove,

Hope you are hale and  
healthy, fit and fine. <sup>I hope</sup> my letter  
finds you in the pink of your  
health.

I heard about your leg injury.  
It was a really bad experience.  
I hope everything well now.  
I know about the dog, who  
came by your way, and suddenly  
you lost balance. Fall and  
your leg hit the wall. In this  
case we can't blame anyone.  
So, I have sent your favorite  
comic and some sweets along  
with a surprise gift. I hope  
you would like it, of course.  
My well wishes are all ways  
with you.

Give my regards to uncle and  
aunty

Yours Lovingly  
Sankalp
