Bhubaneswar.

19th July, 2021

Dear Abheek,

Hope you are in pink health. Convey my warm regards to your parents. You must be knowing that I had told you about a book ~~and~~ I have bought.

As you had requested me to tell about that book, I am trying my best to chronicle the book. I had brought the book from the book fair which was held for a week in BBSR. It was the ~~Auto~~ biography of Dr. Achyuta Samanta, the Establisher of KII. It describes the life of Dr. As, the problems in finance and society he had faced, how he grew into a social worker and many more interesting stories from his life. Really its a very learning and engrossing book.

Hope you liked it. If you want, I will
give you the book to read.

Waiting for your reply.

Your loving friend,

Saudat.
