Pinocchio

Family - 1. Father

My favourite fictional character is

Pinochio. He lives with his father.

He always tells lie. He is a wooden

toy and ^{has} big eyes. When his father do

work he always disturb him. So, his

father shout at pinochio. One day

he didn't ^{home} returned for 2 days. His

father searched him but he didn't

found him. Suddenly one day he

came back to his house and his

clothes were very dirty. Then his

father asked him "where you had gone."

He said "I was taken by a fairy."

When he told lie his nose became long. He felt guilty and promised not to tell lie again.
