Dear Doraemon,

How are you? You really exist or not I don't know, still

I am writing this letter. I am a big fan of yours. You teach us the real meaning of friends

You always help Nobita in every situation. But I think you should sometimes leave Nobita, then only he can be independent.

I never think you are a cartoon character. I think of you as my friend. I wish one day I will meet you and we both will eat Dora cakes. Thank you for making my childhood the best.

Bye

Your fan

Saswat.
