Q5

Social groups, which are most vulnerable to poverty, are scheduled caste & scheduled tribe households. Similarly, among the economic groups, the most vulnerable groups are the rural agricultural labour households & urban casual labour households.

Q6

Human poverty is a term that means that poverty in India isn't just limited to the economic status of the people but rather spreads in various other sectors, which include lack of education, negligence of

health care system, discrimination & disparity.
Abolishing poverty from the country shouldn't
be the only aim of the authorities but to
abolish human poverty must be the aim.
