Dear Kavya

How are you? I hope this letter finds you in the best of health.

I hope you remember about the 'English Grammar and Composition' book I have lent you 4 months back. You didn't return it to me till now. I need the book badly to prepare for a test. So, please return it immediately.

Rest is O.K. Please send the book as soon as you can.

Yours affectionately
Aanti

HAND WRITING

A balanced diet throughout life is necessary for dental health. You must finish your food with self cleansing fibrous or rough food such as salad and fruits. Do not eat sweets or sticky food such as chocolates, candies, cakes, etc. between meals, as bacteria love sugar and destroy the tooth substances. Mouth breathing, thumb sucking, nail biting, pencil biting, tongue thrusting are bad habits and discourage

your children to do these. Milk

teeth are equally important.
