

A.1

The eel wanted to ride a bicycle. He could not do it because he was having only one leg. And to ride a bicycle we need two legs and have some knowledge about a bicycle.

2. What plan was devised by the neighbour to solve the problem?

→ His neighbour, who was also an eel said that they could wrap a belt around both their waists and fasten it with a strap. In this manner, each eel could pedal one side of the bicycle.

3. Identify your pairs of words from the poem that make minimal pairs?

→ eel - wheel, might - right, fun - done, ride - side.

B.1 what do you understand by the line "That two heads are better than one"?

That "two heads are better than one" means that when two people work together to solve a problem, they are more likely to find a solution.

2. Where do "the fun" and "the thing" refer in the following lines?

His neighbour, observing the fun, said,
"I think that the thing can be done."

- In these lines "the fun" refers to the neighbour's observation of the ambitious young lad falling over while attempting to ride the bicycle.
"The thing" refers to the act of riding a bicycle successfully.
