1) Define the term election?

Election is the mechanism by which people can choose their representatives at regular intervals & change them if they wish so.

2) what makes an election democratic ?
Elections can be made democratic by the following points :-

> Everyone should be able to choose. This means that everyone should have one vote & every vote should have equal value.

- > There should be something to choose from. Parties & candidates should be free to contest elections & should offer some real choice to the voters.
- > The choice should be offered at regular intervals. Elections must be held regularly after every few years.
- > The candidate preferred by the people should get elected.
- > Elections should be conducted in a free & fair manner where people can choose as they really wish.
