Dear diary,

Today I had the worst experience in my life. Today I was having my school tests. I was fully prepared for English. But when I reached school I came to know that it was<sup>the</sup> social science test.

I was totally blank. My mind was full of stress and nervousness. I was feeling very much scared to enter the examination hall. It was a situation of extreme difficulty. But when I looked into the question paper I came to know that I knew ~~some~~ <sup>some of</sup> the answers of ~~some~~ <sup>of the</sup> questions. I gathered all my courage and gave the test. I guess I will get ~~the~~ <sup>the</sup> passing marks but still I am very scared ~~of~~ <sup>of the</sup> result of social science. Now I promise myself to check everything properly before doing anything. And shall never repeat this kind of mistake.

Shreya.
