Ans) Telephone

3 The cheapest means of mass communication.

Ans) Radio

4 The most popular means of mass communication.

Ans) Television

5 Information superhighway.

Ans) Internet

6 Documentary films

Ans) Cinema

B Write true or false.

1 Mass communication became possible after printing was invented.

Ans) T

2 Email is delivered to the receiver as fast as a copy of advertisement sent through a fax machine.

Ans) F

3 The most popular means of mass communication is the television.

Ans) T

4 Television signals are sent to far away places through satellites.

Ans) T

5 The internet cannot be used for mass communication.

Ans) F

~~Multiplication~~ Multiple choice question:

1 Which of these is a method of mass communication?

Ans c) radio

2 Which of these is known as the information ^{Super} highway?

Ans b) internet

3 Who invented printing?

Ans a) Johann Gutenberg

4 Which of these is used both for individual communication as well as for mass communication?

Ans c) internet

H/W How did early humans exchange ideas before the development of language?

Ans long before the earliest writings of the Sumerians and the Egyptians were developed, people communicated with each other by a number of different methods. Early humans could express thoughts and feelings by means of speech, signs or gestures. They could signal with fire and smoke, drums, or whistles.
