Dear Diary,

Today was my most favourite day. As you know I was sick for many days due to cough and cold but I am well for 3 days now so I wanted to go to my friend's house. I went to his house at 6 p.m. after I called him and told I was going to his home. When I went to his house, he took me to his room. Then he gave me a surprise party with my other 5 friends. We enjoyed a lot today. I came back home at 8 p.m. That's why I am very happy today.
