Question:

Give a description of the tea garden that Rajvir saw being managed by Pranjal's father?

Ans → When Pranjal & Rajvir were driven through Dhekiabas Tea garden they crossed a Cattle Bridge & entered the Tea-Estate. There they saw a cre upon a cre of tea bushes on both sides of the gravel road. All the tea bushes were neatly pruned to the same height. They saw the groups of tea-pluckers with bamboo baskets on their backs. The groups were plucking the newly sprouted leaves.

Question: 1. Rajvir also said that on the way he saw them when he went to Dukriabari Tea Estate. That the tea bushes were very neatly pruned on both the sides of the road, giving away a gentle scent & a graceful look.
