## Worksheet 11

FL-372, Shiv Enapt,

Kanal road, Delhi,

13.5.21

Superintendent,

Police department,

Delhi.

Sir,

Subject: malpractices of rickshaw drivers.

I would like to draw your attention to the auto rickshaw drivers. At first overloading is one issue which occurs, small rickshaws with 20~25 people makes the vehicle very unstable making it prone to accidents. In the last year more than 100 accidents happened due to rickshaws in Delhi alone. People with no license also drive rickshaws on the roads which is very in secure. Strict action should be taken for the following reasons,

Yours truly,

Ayush.
