

2) The constitution says on the basis of equality that:

* All of us should talk with everyone ~~at~~ equally. We shouldn't talk with anyone such a way that ~~is~~ will not feel good.

* We shouldn't discriminate anyone on the basis of their caste, religion, age and race. We should give everyone equal rights as our constitution gives.

* As in the court's eyes everyone is equal in our eyes also everyone should be equal for everything.

It is very much important for all people to be equal because the fundamental rights given to everyone is the same. Therefore, all the government will behave everyone equally with equal respect. As being a responsible and good citizen we should treat everyone equally.

3) a) If my friend starts teasing a classmate then I would stop him. I will tell him that he don't have money but he might a very good talent that you don't have. Then

when he will tease you, you will feel bad. That's why we shouldn't tease anyone.

b) If that happen then I will say my family member that if he would be ^{at} that stage where everybody will make comedy and fun of him. How will he feel. That's why we all shouldn't do these things.

c) If that happens then I will share my food with him. I will ask the teachers to say that, the students should share their food with

everyone, like this their good manners will be shown to everyone.

d) I would say him not to do this as the Supreme Court and High Court always protect all the communities.

e) I will give them the examples of the girls who play from our country in the different types of sports. Like this they will not make fun of the girls.
