Revision

The Principal

ODM Public School

Bhubaneswar

2 October 2021

Respected Sir

Subject I am arranging an extra class for Maths

I am a student of Class VI
Sec A, Roll. No 46. I have found that
all the students in my class and also
me are very much weak in the

subject Mathematics. We all are very
good in all other subjects except
Mathematics. In a week we have only

~~HW~~
~~Saturday~~

Date 2.10.21

three classes of Mathematics. The Mathematics is a subject which we need to practice everyday. All the other sections are good in Mathematics, but we all are very much weak. We want that our section should be good in every subject. Therefore, I request you to arrange an extra class for Mathematics.

Thank you very much

yours sincerely

Sriramesh
