Civilisation show that people had a good knowledge of town-planning and they were good architectures.

\* The cities were divided into two parts. One part was the higher level, it was built on a massive platform constructed of baked brick. Archaeologists call this area the citadel or acropolis.

The citadel is surrounded by huge walls.

\* The lower part of the city consisted of the houses of the common people.

\* The town planners of those times had made straight roads crossing each other

at right angles and thus dividing the

city into blocks.

Ans → The earth provided food for them, so Neolithic man worshipped the God Earth as many statues and figurines of mother goddess have

been found.

They must have frightened by nature and its mysteries. Probably, nature was worshipped in different forms. So they began to worship these forces of nature like sky, Rain, Wind and sun as god.
