

acrophane of the same no one except the narrator is in the sky during the storm. Even the radar showed only the narrator's plane that night in the sky.

5. Who do you think helped the narrator to reach safely? Discuss this among yourselves & give reason for your answer.

A It is very difficult to say about the unknown pilot who helped the narrator. But probably it was the narrator himself that helped him to overcome the fear in the storm as no other plane was seen in the radar except the narrator's Dakota plane. In that fearful situation, he might have been hallucinating. He himself was a good pilot & brave enough who helped himself land safely.
