

Answer the following questions:-

1. Write brief description of Macavity based on your understanding of the third stanza.

Macavity is called as ginger cat. He is unique in the way he looks and the way he does everything. He is tall and thin. He has sunken eyes. His eyebrows are deeply lined because of constant thinking plotting and strategizing. His head is highly domed. He doesn't take much more care of his appearance and therefore his coat is always dusty and whiskers are uncombed. His head moves slide to slide like the movement of a snake. Anybody could recognize him if they keep in mind these characteristics. Yet, he goes unnoticed the crime scenes. This is so because he is clever and alert. When people think he is sleeping, he is merely pretending.
