globe

map

➤ A model of the Earth is called a globe.

➤ The globe shows the whole Earth.

➤ In globe the blue

part is the water part and the green part is the land

part. However, a globe is not a perfect model of the Earth. It is a small model of the Earth. It is not a perfect model of the Earth. It is a small model of the Earth.

Map have the drawing of part of the Earth or the whole of Earth.

➤ A map can be big or small.

➤ We can hang a big map on a wall, we can call this a wallmap.
