Sub: Suggesting relief measures
due to severe drought.

Sir,

Through the columns of your esteemed newspaper I would like to draw attention of the government authorities to the severe drought condition ~~in~~ and ~~of~~ problems faced by us ~~for~~ the ~~the~~ situation.

There is severe drought in our place ~~for~~ which ~~we~~ are ~~sup~~ the people are suffering a lot. Due to scarcity of water, food, etc, many people already have died. Not only that the ~~the~~ humans are dying but also ~~as~~ animals are also ~~beginning~~ ^{becoming} to ~~endangered~~ in our region ~~for~~ the non-availability of fodder & shelter. Many people have also started leaving the place due to lack of resources which ~~is~~ is caused by the drought. ~~o~~ Thus, our region

is becoming deserted which is affecting the population and ecosystem is ~~is~~ ^{mostly} also destroyed. Yet no help is provided to us. although ~~we~~ many times we have written to the concerned authorities earlier, but no action has been taken so far. Neither relief ^{measures} nor remedial ^{actions} for our situation are ^{is} done.

I sincerely hope that my appeal will arouse ^{apathic} officers from their slumber and make them awake to respond our call of duty and management.

Yours faithfully,
Rakha Chauhan.

Dear Meera,

How have you been? We haven't met for a long while due to covid pandemic. I am fine here.

I ~~heard~~ came to know that you are suffering from dengue, after hearing about this I felt very sad and thought about your condition. I am sorry ~~I~~ because I am not able to come to you to meet you because of covid guidelines and restrictions. I can understand your suffering, friend. Don't worry about anything and

think positive to strengthen your mind. Don't fret about the online classes, I will ~~to~~ tell you which ^{the} topics ^{that} are taught in the classes and other details. Take necessary medicines in the right time. Drink plenty of water, juices and other fluids. because while recovering from dengue, it is important to avoid a secondary infection and keep good health. I am

I hope for your speedy recovery from Dengue. Take rest and consult your doctor if any severe circumstances occur. I know you will be healthy soon. Give my regards to uncle and aunty.

With lots of love,
Yours lovingly,
X4z.
