

~~Q.9~~

~~12, 11, 21~~

12. Average of 9 numbers = 21

Total number of = $21 \times 9 = 189$

Average of 3 numbers = 17

$$\text{Total number} = 17 \times 3 = 51$$

Average of total 12 numbers =

$$189 + 51 = 240.$$

$$\text{Average} = \frac{240}{12} = 20.$$
