

Write a paragraph on television in about 30 words

Television is a most beautiful invention in 20th century. It was invented by J. L. Baird.

This is commonly used for entertainment.

Endless channels are available in all the regional and national languages. Sitting at home one can watch scientific, geographical, sports, knowledge ~~able~~ and entertainment

and current news. Now due to corona diseases

television is used as a medium of teaching as

students are not allowed to go to school.
