A Strange Dream

Date _____

Page _____

There was once a poor man named Harry who had a strange dream. In the dream he saw a woman made of gold telling him to go to Paris and find a white church's backyard. When he reached Paris he found a white church when he related this incident to one of his friend Mark after coming back

from Paris with no money. Mark told

"Once I had a dream that there was

a fenced house behind its backyard

where there were lots of cabbage, carrot,

onion, ladyfinger and ~~pumpun~~ pumkin,

there was a box with a keyhole. I

searched over in a small pond like pool

of water and when I searched inside it

I found the key and opened the box and found that it was filled with gold and silver." When Haverly came home he realized that Mark was describing his house. He did as he heard from Mark and found a box of gold and silver. Indeed his dream came true through another strange dream.
