

To,
The Principal,
O.D.M. Public School,
Patia, Bhubaneswar

Sub: Solution of mishap in class IX 'C' and change
of section of Aice Anshuman Mishra regarding

Madam,

with respect and humble submission, I,
Sri Ramarajan Mishra & Mrs. Jhwanami Mishra
parents of Aice Anshuman Mishra (IX C) request
you to solve the problem in the class and to
change the section of my son to save him from impen-
ding danger from his classmates Partha and
Iphita. As per his report Partha has been threatening
him for a long period with knife to kill him
at toilet area and ordering him to do as per his
wants. He has also told him to not to say anything
before anyone, otherwise he will wear my son flower
garlands.

So many other students are also facing the
same situation as per the recording in my home.
But Partha seems to be very innocent. Iphita
was using my son as messenger of information to
speak to Partha. And also she hit a slab on the
face of my son without any fault.

For all these reasons, my son is having
pressure on his head, for which he has fallen

Sencelessly due to headreeling and such agonising incidents inside classroom. He is remaining absent in different times due to the fear of Partha's threatening. So how can he concentrate on study? Till now it is becoming impossible to resolve the problem in the classroom.

Therefore, in this growing dreadful situation I request you earnestly to change the section from 1xc to any other section after materializing the problem to save him from mental agony and impending dangers and obliged.

Yours faithfully
Ramarajan Muthre (F)
